Bursting through a G&T, remarkable in a negroni, traditional in a gimlet.*

## OXLEY

47% | ENGLAND | £4.80

*Try it with... a lime wedge, juniper berries & Fever-Tree Tonic*

*As enthusiasts of all things science-y, we're big fans of Oxley Gin. It's distilled under vacuum. The distillate boils at -5°C, and re-condenses at -100°C! That sounds like it shouldn't work, but the proof is in the pudding (or gin, in this case). This scientific wizardry captures some subtle, delicate flavours from the botanicals that might be lost when distilling in the usual way.*

## TWO BIRDS

40% | ENGLAND | £4.80

*Try it with... lemon, juniper berries & Fever-Tree Tonic*

*A classic London Dry Gin, packed full of juniper flavour and distilled with only four other botanicals. With notes of coriander, citrus and orris root combining with our 'hush-hush' secret ingredient, to create our very distinctive and unique flavour. Did we mention it was multi-award winning?*

## BROCKMANS

40% | ENGLAND | £4.70

*Brockmans unique infusion of exquisite botanicals creates an intensely smooth gin with a distinctive original taste. This combination, together with the dry bitter/sweet peel of Murician oranges prolong the deeper tones.*

## PINKSTER GIN

37% | ENGLAND | £4.50

*Try it with... sliced orange, juniper berries & Fever-Tree Tonic*  
*A raspberry infused slice of madness with huge herbal undertones.  
The gin was created by PR maverick Stephen Marsh back in 2013,  
who got the urge to create his very own gin after contracting a yeast  
allergy which kept him away from his favourite tippie – wine.  
He experimented with raspberries and gin at home for a while,  
before stumbling upon a quite delicious recipe.*

## MONKEY 47 SCHWARZALD DRY GIN

46% | ENGLAND | £4.80

*Try it with... lime, lemon, juniper berries & Fever-Tree Tonic*

that gives way to a rich world of flavours, from a herbal juniper,  
to a crisp juicy lingonberry, to sweet liquorice, floral, perfumed  
cardamom and soft petal like touches. It's an incredible adventure,  
but it's one that changes in the bottle. The longer you keep it, the  
more a lime cordial flavour emerges.*

& Fever Tree Ginger Ale*

walking distance of our distillery. The unique tart berry flavour is  
abundant but we balance the gin around it using citrus elements  
drawn from the other botanicals like lemon balm and citrus peel.*
